

4D COLLAGEN

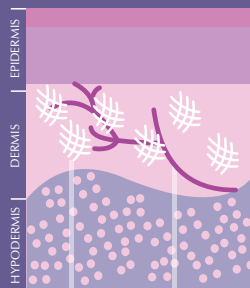

Advanced multi-level
COLLAGEN FORMULATION
with marine collagen and
biologically active peptides

The NEW **4D COLLAGEN** facial care range gives you the sensation of perfect, smooth skin with a single application. Contains an advanced, multi-level **COLLAGEN FORMULATION** with marine collagen and biologically active peptides that provide an **immediate lifting effect** on the surface of the skin and **stimulate lasting collagen production** in the deeper layers. The result is fewer lines and wrinkles and visibly improved skin tone.

Collagen is the most important structural protein and a major component of skin, nails and hair. Along with elastin, it supports the internal organs, giving form, strength, flexibility and solidity to tissues. The natural ageing process causes functional changes in the skin – its cells begin to divide more slowly and synthesise less collagen, elastin and hyaluronic acid. As a result, the skin loses firmness and elasticity, which leads to the appearance of lines and wrinkles.

20 +

Free radicals damage the skin at the cellular level

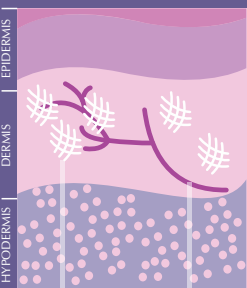

Healthy collagen fibres
Vascular tissue

Exposure of the skin to UV radiation and a hectic lifestyle are key factors in the premature ageing of the skin.

30 +

Appearance of the first signs of ageing, skin is dull and lacks lustre

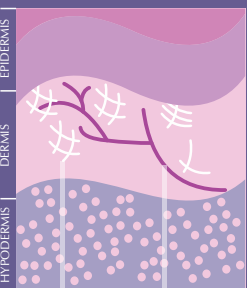

Start of degradation of collagen fibres
Vascular tissue

The skin's regenerative ability is reduced, transepidermal moisture loss increases.

40 +

Appearance of wrinkles and imperfections and increased skin sensitivity

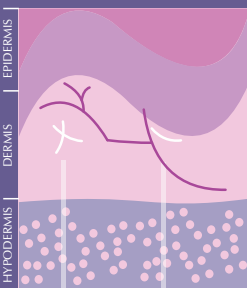

Cross-linking of collagen fibres
Vascular tissue

The skin's protective barrier is weakened, which reduces its capacity to bind moisture and leads to dryness, sensitivity and irritability.

50 +

Appearance of age-related lesions and excessive dryness

Marked degradation of collagen fibres
Thinning of vascular tissue

The uniform structure of dermal tissue is destroyed.

NEW

4D COLLAGEN

MORE THAN LIFTING.

EN

4D COLLAGEN EFFECTS:

- instant lifting effect
- long-term boost to collagen production
- firmer and more elastic skin
- reduced wrinkles

- On the surface of the skin **MARINE COLLAGEN** in dehydrated form comes into contact with moisture evaporating from the skin, increases its volume by up to 10 times and fills wrinkles – **LIFT EFFECT**.
- In the deeper layers of the skin **BIOLOGICALLY ACTIVE PEPTIDES** stimulate the skin cells so that they divide faster and synthesise more collagen, elastin and hyaluronic acid.

**TOTAL
HYDRATION**

50 ml

CREAM FOR NORMAL TO COMBINATION SKIN

Paraben and paraffin FREE
biologically active peptides & marine collagen & hydra complex
for the face & neck & décolleté

Feel the instant lifting effect after application and its light, easily absorbed moisturising texture! This is provided by a **hydra complex** enriched **collagen formulation** which supplies an abundance of moisture and gives the skin a fresh, perfect appearance. Whenever you want the feeling of maximum hydration, apply **4D COLLAGEN MOISTURISING SERUM** as a base for the cream.

CREAM FOR DRY SKIN

Paraben FREE
biologically active peptides & marine collagen & meadowfoam oil
for the face & neck & décolleté

After application you will enjoy a velvety sensation of comfort with no unpleasant tightness. The **collagen formulation** with **nourishing meadowfoam oil** visibly smoothes the skin, reduces wrinkles and provides generous nourishment. For very dry skin, always use **4D COLLAGEN MOISTURISING SERUM** as a base for the cream.

SOFTNESS**

50 ml

**STAR
PRODUCT**

MOISTURISING SERUM

Paraben and paraffin FREE
biologically active peptides
& marine collagen & vitamin E

You will love this rapidly absorbed collagen serum with **vitamin E** that vitalises the skin, provides extreme hydration and gives a youthfully fresh tone. A remarkable source of hydration, it is ideal for every skin type. You can either use it on its own (for oily skin) or as a base for your chosen skin care cream and make-up.

30 ml

**FOR A
RESTED LOOK**

15 ml

EYE CREAM

Paraben and paraffin FREE
biologically active peptides &
marine collagen & rose hip oil

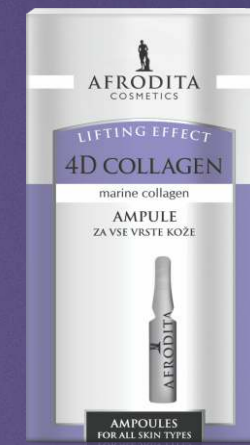

Visibly firms and tones the skin around the eyes, with impressive results. The **collagen formulation** with **precious rose hip oil** conditions and nourishes the delicate skin around the eyes and when used regularly reduces wrinkles and lines.

AMPOULES

marine collagen
for all skin types

**IN 7 DAYS –
MAXI-REJUVENATION**

This effective, highly concentrated **marine collagen formulation** fills wrinkles and smoothes, firms and moisturises the skin immediately after application. In synergy with **100% natural oils** guarantees a long-lasting healthy, radiant, wrinkle-free appearance. Apply the contents of the ampoule to the cleansed and toned skin of the face, neck and chest, massaging gently in circular motions. After application continue with the selected cream. To maintain results, we recommend intensive regenerative treatment with ampoules at least three times a year.

7 x 1,5 ml

6 + 6 ml

**REGENERATION
WHILE YOU SLEEP**

SLEEPING MASK

Paraben and paraffin FREE
biologically active peptides & marine collagen
for all skin types

Treat your skin to intensive regeneration while you sleep. Apply the sleeping mask generously to cleansed and toned skin (to help absorption) and leave to work overnight. With its **rich collagen formulation** and **peptides**, this mask works directly on wrinkles, visibly filling them and speeding up collagen synthesis, leaving you with well-nourished and visibly rejuvenated skin.

4D COLLAGEN

Impressive results indicate:

- reduced wrinkles by up to 31% in 1 hour*;
- an intensive boost to collagen production (from +5% to +35%)**

*in vivo study on 15 volunteers,
one hour after application
** in vitro study
